To: The Allocations Branch
Policy and Rules Division
Mass Media Bureau

PETITION FOR RULEMAKING

Browns Well Broadcasting ("Browns Well"), by counsel, hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments, Section 73.202 of the Commission's Rules, to assign FM Channel 241A to the community of Salome, Arizona, as follows:

City	Present	Proposed
Salome, Arizona	None	241A

1. As indicated in the attached Engineering Statement (attached hereto as Exhibit 1), Channel 241A can be assigned to Salome in complete compliance with the Commission's distance separation requirements as contained 47 CFR §73.207. Additionally, the Commission's city coverage service requirements are satisfied and there is a wide area available for placing an appropriate transmitter.

2. Salome is a city located in La Paz county, Arizona. According to the 1995 Rand McNally Atlas, Salome has a population of 950 persons. Salome is located along Route 60 approximately 45 miles from Wickenburg. It has an airport and a sheriff's office. Therefore, Salome is a fully qualified "community" for purposes of allocating the channel. Mighty-Mac Broadcasting Co., 101 F.C.C.2d 303, 58 RR 2d 599 (Rev. Bd., 1985) (community with population of 750 persons and a local post of the state police was held to be a "community" within the meaning of Section 307(b) of the Communications Act).

3. At present, the community is not receiving community service from any aural service. Therefore, the public interest will be served by the assignment of Channel 241A to Salome, Arizona.

4. If the Commission assigns Channel 241A to Salome, Arizona, Browns Well will apply for a construction permit and will construct a new facility upon award of that permit.

WHEREFORE, in accordance with the above, Browns Well Broadcasting respectfully requests that Channel 241A be assigned to Salome, Arizona.
